CAMPER CODE OF CONDUCT

(Please review with your child)

It is our hope that everyone that participates in our program will have a positive experience that will last a lifetime. To help everyone get the most out of their camp experience, we have set up a list of ground rules to help parents and children understand what we expect at camp. We recognize the special needs of our campers and will as much as possible; individualize the rules according to the needs and abilities of each camper.

Camp has four basic rules that we explain to the children and also post in the cabins. We have these rules so that everyone can be assured of a positive experience.

- **Respect yourself, others and property.** This means abusiveness toward others or using inappropriate language, fighting, stealing, etc. It also covers property damage, graffiti or vandalism. Respect yourself, refers to keeping your things picked up, personal hygiene and taking your medication on time.
- **Participate in camp activities.** It is camp's responsibility to know where all the campers are at all times. We ask campers to be at all activities unless excused by staff. Campers cannot be left alone in their cabin. In addition for overnight campers, at the end of the day campers are to comply with curfew and meal times.
- **Follow directions.** There are a lot of fun things to do at camp but every activity has rules so we can operate the activity safely and appropriately. We ask the campers to follow staff direction during these activities. In addition, campers should dress appropriately for camp – sneakers, shorts, t-shirts, sweatshirts, etc.
- **No put-downs.** Examples of this would include teasing, name-calling, racial slurs or inappropriate practical jokes.

If we do have a problem with inappropriate behavior, we have a camper behavior response policy. The counselor will start by giving the child a warning, then a time-out with an explanation and discussion on what is causing the problem. If the counselor needs help, a behavioral specialist or the designated healthcare team supervisor on site will work with the child to help avoid further problems. We will also call home to find out if the parents have any suggestions on ways to deter the inappropriate behavior. As a last resort, we may need to send a child home. Sometimes in the case of severe homesickness or if misbehavior could cause immediate harm to themselves or others, we reserve the right to immediately ask that the child be removed from camp.

It is our hope that each child will go home with great memories of camp. These rules are designed to protect the camper's experience so that one unruly child won't ruin the experience for the rest. If you have any questions or comments, please feel free to call. It is our mission to provide a quality experience for everyone.

I understand and accept that my child must abide by the Camper Code of Conduct and if my child does not that it is my responsibility to go get my child from camp in a timely fashion.
