

Dear Sponsor,

Camp AsthmaCadabra is a weekend camp for children with asthma. This is the 14th year for Camp AsthmaCadabra, co-sponsored by the Northeastern Region, American Lung Association in Pennsylvania and the Max and Lorraine Foundation, a local non-profit organization dedicated to helping children with asthma. Camp is for children ages 7-12 and is held at the YMCA's Camp Kresge in White Haven. This summer's camp will be held **THURSDAY, August 2nd through SUNDAY, AUGUST 5th.**

Over the years, this project has met with a great deal of success, involving hundreds of campers and volunteers over the weekend. We have an outstanding group of volunteers providing for the medical and emotional needs of each child. An infirmary is maintained around the clock and staffed by medical professionals who generously give of their time and expertise.

Camp AsthmaCadabra is an excellent opportunity for you to demonstrate your community involvement and commitment to helping educate children with asthma. The enclosed sponsor sheet allows you to choose your level of financial support. In return for your support, your organization will be recognized on our camp brochure, t-shirts, handbook, website (campasthmacadabra.org) and on all information sent to the media. In addition to your financial commitment, we also need volunteers, equipment, and supplies and we would appreciate your assistance in that area as well.

This year we are in need of additional funding to continue this camp. Due to a variety of factors our reserve monies for the camp is below what we will need to provide this vital service to a very special group of children, their parents, and families, within our community this year. We ask that you **please return the enclosed pledge form ASAP** so you can to ensure that your organization's name appears in all camp information, and for our planning purposes. We also ask that you send your contribution as soon as possible. Thank you, in advance, for your consideration of this very special, worthwhile project. If you have any questions, please feel free to call the American Lung Association of Pa's Scranton office at (570) 346-1784.

Sincerely,

Dr. Jeffrey Zero
Camp Medical Director
